About Our Company

Located in “Silk Town” Shengze, Wujiang Pengnuo Textile Technology Co.,Ltd is one of the rapid growing established successful fabric manufacturing company and suppliers in China which was established in 1992. After 20 years of establishment, our subsidiary includes Suzhou Pengtian Textile Co.,Ltd and Suzhou Meidao Textile Technology Co.,Ltd. By 20 years fastest growth, our company has become an integrated enterprise with a great ability to do research, develop, and produce a great deal of basic and advanced woven and knit fabrics most of which are exported to international markets including America, Europe, and Asia.

With response to Chinese Government’s great initiative “ One Belt, One Road”, we set up a branch office in Bangladesh in September, 2014.

We plan to set up more overseas branch office successively to obtain more global market.

Capacity

The company has advanced production equipment and machinery including 320 sets of water jet looms and 48 advanced knitting machines and covers an area of 30 mu, and has annual production capacity of 40 million meters of woven fabric and 500 Tons of knitted fabric.

Design and Developments

Our company has comprehended the swinging the pendulum of the textile world and the taste of trendy customers. So we keep adjusting our product ranges, management, operation principles, and the market to meet the new opportunity and challenges.

CERTIFICATE

The company
Wujiang Pengnuo Textile Co., Ltd.
No. 696, Nanhu Road, Shengze, Wujiang District
215229 Suzhou (Jiangsu), CHINA

is granted authorisation according to STANDARD 100 by OEKO-TEX® based on our test report 201801587

for the following articles:

Woven fabric made of 100% polyester dyed (in a limit range of 10 disperse dyes) and finished. Woven fabric made of 100% polyamide piece-dyed and finished. Woven fabric made of polyester/spandex dyed and finished. Knitted fabric made of 100% polyester white & disperse dyed.

The results of the inspection made according to STANDARD 100 by OEKO-TEX®, Appendix 4, product class II have shown that the above mentioned goods meet the human-ecological requirements of the STANDARD 100 by OEKO-TEX® presently established in Appendix 4 for products with direct contact to skin.

The certified articles fulfil requirements of Annex XVII of REACH (incl. the use of azo colourants, nickel release, etc.), the American requirement regarding total content of lead in children's articles (CPSA), with the exception of accessories made from glass) and of the Chinese standard GB 19401:2010 (labelling requirements were not verified).

The holder of the certificate, who has issued a conformity declaration according to ISO 17065-1, is under an obligation to use the STANDARD 100 by OEKO-TEX® mark only in conjunction with products that conform with the sample initially tested. The conformity is verified by audits.

The certificate 201801587 is valid until 30.11.2019
