AURORA ECO captures the raw natural beauty of pure cashmere in a collection of 5 undyed shades, blending the three natural tones of a cashmere goat's coat: creamy whites, warm greys, and earthy browns.

Retaining all their natural characteristics – purity of color, super soft handle, durability, and breathability – these fibres offer a pollutant-free, biodegradable option from cradle to cradle.

Completely dye-free, with only essential processes of blending, carding, and spinning applied, this is cashmere in its purest form. The beautiful natural hues result from well-cared-for cashmere goats grazing on a healthy diet in rich mountainous pastures with ample sunshine and water.

Aurora Eco is part of our essential program to ensure full traceability of our fibres, contributing to more sustainable supply chains and reduced environmental impact.

Colours marked with a ☉ symbol in our range signify pure, undyed cashmere, providing the ultimate solution for customers seeking truly organic, sustainable luxury yarns that are gentle on the skin and the planet.

FABRIC CARE

ATTENTION:

The rewinding operation must be carried out with certain machines and particular attention; therefore we advise not to rewind, unless absolutely necessary.

CARE INSTRUCTIONS:

  Hand Wash or Dry Clean

 Do not bleach

 Dry flat, do not tumble dry

 Iron at a cool setting

RECOMMENDED FINISHING:

A two bath method, using a designated detergent, will give the optimum handle. The first bath is designed to remove the spinning oil and residual dyestuffs and the second to mill the garments to the required handle.

The following recommendation is based on a rotary finishing machine.

Water temperature: 40°C

Liquor ratio: 20:1 (20 Litres of water for every kilogram of garments)

Bath 1:

- 5-10% of non-ionic detergent based on weight of goods
- Run for 3 minutes
- Drain and rinse

Bath 2:

- 2-5% detergent, based on weight of goods
- Run for 3 minutes, depending on the handle required.
For a softer handle extend the time in this bath
- Drain and rinse
- 1.5% Softener maximum. Run for 10-15 minutes
- Standard tumble dry 70-80°C (60°C for light shades), until dry.
Do not over dry
