

We are your **360 degree** partners.

We cater all your sourcing needs from
Design to Delivery

Company Overview

DC99 Limited was established in the year 2021 with a bunch of young talents who only knows about apparels and its sourcing and manufacturing process we started our sourcing office with a lot of hope and vision.

Our head office is located in Dhaka, Bangladesh this places us in the centre of the world for apparel sourcing.

We are providing agency support for garment production and sourcing for retailers, wholesalers, importers and private label manufacturers around the globe.

What we do

We offer 360 degree sourcing solution for our customer right from **Design to Delivery**.

- Design & Development
- Effective raw material sourcing
- Reliable Merchandising
- Product Re-Engineering
- Sustainable vendor sourcing
- Quality Assurance
- Timely shipment
- Logistics support till warehouse

Our Vision

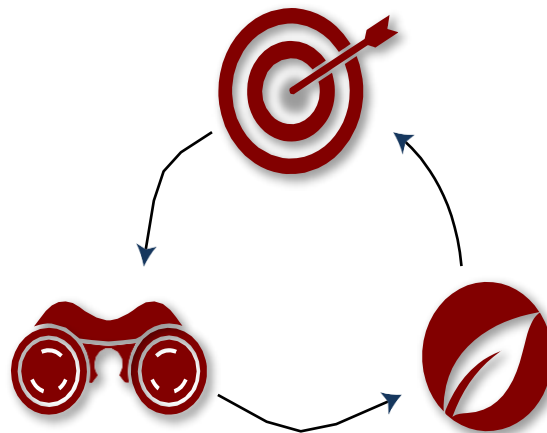

To attain customer satisfaction through delivering fashion products with highest industry Standards through use of best quality of resource, craftsmanship and world- class Manufacturing with latest technology and innovation

Our Mission

To achieve high standard of performance and manufacture garments of outstanding quality that give our customers a competitive advantage through superior quality and value along with concern for the environment and society.

Our Team

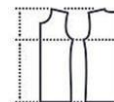

We have young and passionate team members who turn the design to product within their given span of time. These technicians are responsible for identifying new trends and techniques and updating the customers on their views. Sourcing appropriate vendor to enrich the products' outcome and communicate with the customers for sample development and order processing.

Quality squad members ensure the right quality at every stage of production. They are responsible for various quality control measures including Fabric Quality and accessories quality, Fabrics and Accessories testing, Pre-production check, Initial Production check, During Production check and Final random Inspection.

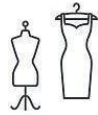

Why us

- Innovation in Design & Product development.
- Speed to Market
- Geared to handle smaller quantities
- In house CAD & Sampling facilities
- Wide vendor based across the globe

Products

We relentlessly source, search and develop new products for our customers to better support their current and upcoming business expansion and development needs.

The products we are handling could be categorized broadly into the following groups:

Apparel and Accessories

Men, Ladies, Kids and Infants to support knitted and woven apparel ranging from basic to fashionable items across different segments of the fashion market.
